Re: Notice to File Missing Parts of Nonprovisional Application

I received this notice stating that the funds were not received. However, I believe that they were. Included is a copy of my Quick & Reilly Check # 18 dated June 28, 2000. This check was posted to my account on August 29, 2000 for the amount \$345.

It is my hopes that your records will confirm the transaction and you may continue the patent application process on application number 09/631802.  
Thank you.

Sincerely,

*Sarah Vogel*
